## Katy Trail Ice House Brings Brains, Bites and Brews Together

### Drinking to Save Your Mind

BY LINDEN WILSON // 09.05.17

We love any reason to grab a drink at the **Katy Trail Ice House**, especially as the weather turns a bit cooler. On September 13, grab a few friends and order a pint of your favorite brew — all for a good cause.

The **Brews, Bites, and Brain Research** event raises money for the **Aging Mind Foundation**, a Dallas nonprofit that works to fund Alzheimer's and dementia research. One hundred percent of proceeds from the evening will go directly to the AMF.

With the purchase of a ticket, guests receive beer, wine, and hearty BBQ apps. Liquor and mixed drinks are available at a cash bar. We're particular fans of the Ice House's classic Summer Beer (Blue Moon, vodka, lemonade).

Tickets are limited ([click here](#) to purchase), as is parking, so valet, carpooling, and/or using a car service is strongly encouraged.

Since its inception in 2013, The Aging Mind Foundation—founded by **Laree Hulshoff** and **Bill Booziotis**—has raised more than \$1.2 million to fund brain research in North Texas. It has awarded grants to The Center for Vital Longevity, Center for Brain Health, and Baylor AT&T Memory Center.

**What:** Brews, Bites, and Brain Research

**When:** Wednesday, September 13, 6 to 8 pm

**Where:** Katy Trail Ice House, 3127 Routh St.

**Tariff:** \$75 to \$120; [click here](#) to purchase tickets
